Randolph County Family Resource Network

The Randolph County Family Resource Network, incorporated in the 1990s, is an organization that brings together local agencies, resource organizations, and community members to solve local problems, improve community conditions, and promote economic development.

Mission Statement

Our mission is to help community members work together in order to provide a seamless system of services to the families of Randolph County. We do so by identifying family needs, finding resources required to meet those needs, and sharing plans or information with our fellow resource organizations.

If you would like to contribute new ideas, volunteer for service hours, or donate items please contact the Randolph County FRN at 304-636-4454.

This Resource Guide is provided by:

The Randolph County Family Resource Network
